

HERE ARE A FEW THINGS YOU CAN DO RIGHT NOW TO PREVENT FURTHER DAMAGE TO YOUR HOME.

- DON'T PANIC! THERE ARE PROFESSIONAL COMPANIES THAT WERE BUILT TO RESTORE YOUR HOME BACK TO NORMAL. ONCE A PROFESSIONAL RESTORER GETS TO YOUR HOME, YOUR HOUSE WILL BE DRIED OUT IN LESS THAN A WEEK. NORMALLY 3-4 DAYS.
- STAY OUT OF THE FLOODED AREAS IF POSSIBLE. THERE CAN BE MANY HAZZARDS ASSOCIATED WITH A WATER LOSS. ELECTICITY, SLIP AND FALL HAZZARDS, LOOSE CEILING DRYWALL. JUST TO NAME A FEW.
- FIND OUT YOUR COVERAGE. CALL YOUR INSURANCE AGENT AND FIND OUT WHAT IS COVERED UNDER YOUR POLICY. YOUR DEDUCTABLE AND THE CEILING ON HOW MUCH MONEY YOU ARE ALLOWED TO USE FOR RESTORING YOUR HOME. IT IS HARD TO GIVE AN ESTIMATE ON HOW MUCH IT WILL COST TO DRY OUT YOUR HOME. MOST DRYOUTS (NOT INCLUDING REBUILD COSTS) AVERAGE \$5000.00. THE SOONER YOU GET A COMPANY IN YOUR HOME THE LESS DAMAGE THAT IS LIKELY TO OCCUR.
- ***GET A QUALIFIED COMPANY TO DO THE RESTORATION. MANY OF THE MAJOR INSURANCE COMPANIES WILL "TRY" TO ASSIGN ONE OF THEIR CONTRACTORS TO DO THE DRY OUT AND REBUILD. THESE ARE MAJOR PLAYERS IN THE INDUSTRY. YOUR "BIG BOX" COMPANIES. MAKE SURE THE COMPANY YOU WORK WITH IS ON YOUR SIDE AND HAS YOUR BEST INTERESTS AT HAND.***
